

§ 400.459

(2) The assignment of the non-standard classification system; or

(3) Ineligibility for a delinquent debt owed to FCIC or the insurance company.

[60 FR 37324, July 20, 1995]

§ 400.459 Indebtedness.

Any person who owes a debt to FCIC, or an approved insurance provider, arising from any program administered under the Act, and that debt is delinquent, will be ineligible to participate in all such programs until the debt is paid in full or the person enters into an agreement, acceptable to FCIC or the approved insurance provider, to repay the debt. If the person provides adequate evidence to demonstrate that the amount of debt is in dispute, the person's application will be accepted or their insurance will remain in effect, but no indemnity payment will be made, until the disputed issue is resolved between that person and FCIC or the approved insurance provider through the available appeal process.

Subpart S [Reserved]

Subpart T—Federal Crop Insurance Reform, Insurance Implementation; Regulations for the 1999 and Subsequent Re-insurance Years

AUTHORITY: 7 U.S.C. 1506(l) and 1506(p).

SOURCE: 61 FR 42975, Aug. 20, 1996, unless otherwise noted.

§ 400.650 Purpose.

The Reform Act requires FCIC to implement a crop insurance program that offers several levels of insurance coverage for producers. These levels of protection include catastrophic risk protection, limited coverage, and additional coverage insurance. This subpart provides notice of the availability of

7 CFR Ch. IV (1–1–99 Edition)

these crop insurance options and establishes provisions and requirements for implementation of the insurance provisions of the Reform Act.

§ 400.651 Definitions.

Act. The Federal Crop Insurance Act, as amended (7 U.S.C. §§1501 *et seq.*).

Additional coverage. Plans of crop insurance providing a level of coverage equal to or greater than sixty-five percent (65%) of the approved yield indemnified at one hundred percent (100%) of the expected market price, or comparable coverage as established by FCIC.

Administrative fee. An amount the producer must pay for catastrophic, limited, and additional coverage each crop year on a per crop and county basis as specified in the Basic Provisions or the Catastrophic Risk Protection Endorsement.

Approved insurance provider. A private insurance company, including its agents, that has been approved and re-insured by FCIC to provide insurance coverage to producers participating in the Federal crop insurance program.

Approved yield. The amount of production per acre computed in accordance with FCIC's Actual Production History Program (7 CFR part 400, subpart G) or for crops not included under 7 CFR part 400, subpart G, the yield used to determine the guarantee in accordance with the crop provisions or the Special Provisions.

Catastrophic risk protection. The minimum level of coverage offered by FCIC which is required before a person may qualify for certain other USDA program benefits unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop. For the 1995 through 1998 crop years, such coverage will offer protection equal to fifty percent (50%) of the approved yield indemnified at sixty percent (60%) of the expected market price, or a comparable coverage as established by FCIC. For the 1999 and subsequent crop years, such coverage will offer protection equal to fifty percent (50%) of the approved yield indemnified at fifty-five percent (55%) of the expected market price, or a comparable coverage as established by FCIC.

Catastrophic Risk Protection Endorsement. The part of the crop insurance policy that contains provisions of insurance that are specific to catastrophic risk protection.

Crop of economic significance. A crop that has either contributed in the previous crop year, or is expected to contribute in the current crop year, ten percent (10%) or more of the total expected value of the producer's share of all crops grown in the county. However, a crop will not be considered a crop of economic significance if the expected liability under the Catastrophic Risk Protection Endorsement is equal to or less than the administrative fee required for the crop.

Expected market price. (price election) The price per unit of production (or other basis as determined by FCIC) anticipated during the period the insured crop normally is marketed by producers. This price will be set by FCIC before the sales closing date for the crop. The expected market price may be less than the actual price paid by buyers if such price typically includes remuneration for significant amounts of post-production expenses such as conditioning, culling, sorting, packing, etc.

FCIC. The Federal Crop Insurance Corporation, a wholly owned Government Corporation within USDA.

FSA. The Farm Service Agency, an agency of the United States Department of Agriculture or any successor agency.

Insurable interest. The value of the producer's interest in the crop that is at risk from an insurable cause of loss during the insurance period. The maximum indemnity payable to the producer may not exceed the indemnity due on the producer's insurable interest at the time of loss.

Intended crop. A crop stated on the application as submitted on or before the sales closing date for the crop which the producer intended to plant in the crop year for which application is made.

Limited coverage. Plans of insurance offering coverage that is equal to or greater than fifty percent (50%) of the approved yield indemnified at one hundred percent (100%) of the expected market price, or a comparable cov-

erage, but less than sixty-five percent (65%) of the approved yield indemnified at one hundred percent (100%) of the expected market price, or a comparable coverage.

Limited resource farmer. A producer or operator of a farm, with an annual gross income of \$20,000 or less derived from all sources of revenue, including income from spouse's or other members of the household, for each of the prior two years. Notwithstanding the previous sentence, a producer on a farm or farms of less than 25 acres aggregated for all crops, where a majority of the producer's gross income is derived from such farm or farms, but the producer's gross income from farming operations does not exceed \$20,000, will be considered a limited resource farmer.

Linkage requirement. The legal requirement that a producer must obtain at least catastrophic risk protection coverage for any crop of economic significance as a condition of receiving benefits for such crop from certain other USDA programs in accordance with §400.657, unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

Person. An individual, partnership, association, corporation, estate, trust, or other legal entity, and wherever applicable, a state or a political subdivision or agency of a state.

Reform Act. The Federal Crop Insurance Reform Act of 1994, Public Law 103-354.

Secretary. The Secretary of the United States Department of Agriculture.

Substitute crop. An alternative crop whose sales closing date has passed and that is planted on acreage that is prevented from being planted to an intended crop or where an intended crop is planted and fails.

Zero acreage report. An acreage report filed by the producer that certifies that the producer does not have a share in the crop for that crop year.
